

#### **Safer Plug Fire Prevention Technology™**

All ClassicFlame® fireplace inserts come with the Safer Plug™ built-in. Safer Plug™ monitors the temperature in the plug and will turn off the heater to prevent unsafe conditions like house fires and electrical blowouts. Twin-Star's exclusive patent-pending fire prevention technology makes Safer Plug™ the safest plug available.

#### **Spectrafire Plus Customizable Flame Effect™**

Spectrafire Plus™ comes standard in all ClassicFlame® fireplace inserts. 5 adjustable brightness settings allow the user to pick the perfect brightness for their environment and ambiance. 5 flame speed settings allow you to adjust from a fast roaring fire down to a gentle flickering flame.

#### **Infrared Quartz PowerHeat®**

Harness the energy and money saving power of zone heating, with PowerHeat®. Warm rooms up to 1,000 square feet with the supplemental heat provided by infrared quartz heat.
